

Shanmukh Behara

Risk and Strategy Analytics

Los Angeles, CA · shanmukh.b@outlook.com · linkedin.com/in/shanmukhbehara · fromabsolutezero.github.io/My-Portfolio

SUMMARY

Risk and strategy analytics professional with 8+ years developing, testing and scaling data-driven strategies across fraud risk, program strategy and operations at Uber, Swiggy and Southern California Edison: sizing opportunities in SQL, designing champion-and-challenger tests, and presenting recommendations to leadership.

SKILLS

Strategy	Opportunity sizing, champion-and-challenger tests, A/B testing, customer segmentation
Analytics	SQL (advanced), SAS, Python, R, Excel (advanced); regression, classification, clustering, forecasting
Reporting	Power BI, Tableau, PowerPoint; executive performance reviews; procedure documentation
Data	SQL Server, MySQL, PostgreSQL, SAP, Azure, AWS (Redshift, Lambda, S3)

EXPERIENCE

Southern California Edison

Los Angeles, CA

Data Governance Advisor

Jan 2024 – Present

- Owned strategy and performance for a program of 4,000+ actions and 60,000+ line items a month; diagnosed SLA misses in SQL and redesigned intake and reporting, raising SLA adherence from 78% to 89% and cutting backlog 31%.
- Built the business case to retire a legacy orchestration platform, won approval through a formal enterprise architecture review, and delivered the Python replacement, now in production, removing a licensed platform dependency.
- Built a Power BI program-health framework with failure-reason segmentation, cutting issue triage time by 32%.
- Implemented a 22-check data quality strategy across SAP, Azure and reporting, cutting data defects by 42.9%.
- Wrote statements of work, process flows and procedures, and presented recommendations to stakeholders for sign-off.

Data Analyst

Feb 2023 – Dec 2023

- Designed Power BI dashboards monitoring \$1B+ in power contracts, improving compliance by 30% and saving \$5M a year.
- Automated usage and generation data pipelines in SAS and SQL, improving accuracy by 40% and saving \$2M a year.
- Mitigated \$3M in financial risk from recurring SAS errors; trained 15 analysts, cutting reporting time by 30%.

Grocery Outlet

Strategy Analyst Intern

Jun 2022 – Jan 2023

- Built Python inventory-optimization models that identified \$4M in annual savings, and turned survey data with 1,000+ columns into strategy reports that helped cut delivery lead time by 15%.

Swiggy

India

Senior Business Strategy Analyst

Jun 2018 – Dec 2020

- Owned program strategy for a marketplace of 150K+ daily orders across 12 cities; demand-forecasting models in Python and SQL cut order cancellations by 20%.
- Designed and launched a refund-verification strategy through an A/B test: sized the abuse, defined test cells and success metrics, and presented the winning variant to leadership, cutting refund costs by 30%.
- Led a team of 10 analysts and drove supply-chain analysis that cut delivery costs by 5% during rapid scaling.

Uber

Risk Analyst

May 2016 – Jun 2018

- Built driver and rider fraud-risk strategies, SQL detection views and segmentation that cut fraud losses by 15%.
- Built classification models that flagged high-risk transactions and fed risk-based decisioning queues.
- Redesigned the risk operations QA program, delivering 17% month-over-month throughput gains.

RESEARCH

Sole author of a data quality paper being prepared for the ACM Journal of Data and Information Quality. On a 180-defect benchmark, the optimized strategy caught 81.7% of defects versus 69.4% for the status quo.

EDUCATION AND CERTIFICATION

Professional MBA, Information Technology Track, Campbellsville University

Expected 2027

MS, Business Analytics and Operations Research, California State University. GPA 3.8, Dean's List

2021 – 2022

Lean Six Sigma Black Belt (CSSBB)

2020
